The Zimbabwean hosts were super, from picking us up at the airport, hosting us, providing a vehicle so that we had our own transport for the weekend, and trucking the horses we were using to the show venue every day.

We had five horses to choose from, and everyone was very happy with their horses. The team placed in the various classes, as indicated above, and also won the Best Turned Out award.

The Show Jumping arena, and warm up arena, was made of new fibre, so the venue was much enjoyed!

The team was a credit to the South African Pony Club, showing incredible team spirit, and were great fun.
