

Matching Mini Badges and Achievement Badges to Efficiency Tests – Children's Phase (Tests E to C)

We STRONGLY ENCOURAGE members to do the badges, as the badges help them to prepare for the tests. It is certainly a LOT MORE DIFFICULT to PASS THE TESTS if they haven't done the badges. The badges given before each test cover information that is tested again in the test. However, if you have completed the badges, but have to wait – for whatever reason – before you can do the test, you may continue with the badges later in the lists. You may also complete some of the non-Equine badges during this time. Badges listed in **turquoise** are the most necessary, and should be considered the minimum list of badges to be done, in order to prepare for the test.

Start on Log Book E to C (child's), focussing especially on 'feed a carrot' and some of the exercises on the pony (touching mane, tail, etc)
