PONY CLUB

I am proud to be a Pony Club Member.

I will support my Pony Club branch or centre, by attending as many of the planned rallies as I can, and will get to rallies early so that I can prepare myself and my pony before the rally starts. I will try to enjoy every rally, by taking part in the activities and not being concerned about winning or losing, or being better at something than everybody else. I will show good manners, and try to be kind and helpful to the other people there. I will not tease or bully any other members. I will always be considerate towards my horse or pony. I will not work him too hard, will make sure he gets water and rest when he needs it, and will not shout at him or bully him either! I will learn how to take proper care of my pony.
